Dear Applicant,

Your interest in this process demonstrates that you are a highly motivated, well-rounded, service oriented young person. Please know, if this journey does not end with an acceptance letter from a service academy, there are many other ways to access higher education through military service such as via an ROTC program or the Connecticut National Guard. My staff will be happy to provide you with a comprehensive list of this information if you are interested.

If accepted, you will have a unique opportunity to develop physically, ethically, and intellectually while building a foundation for an exciting, challenging, and rewarding career as a military officer in the service of our nation. Connecticut students are traditionally very successful at the academies, and I’m pleased to do my part to ensure that the communities of the 5th Congressional District continue to provide some of the next generation’s outstanding military leaders.

A congressional nomination is required for students wishing to enter the U.S. Military Academy, West Point, NY; the U.S. Naval Academy, Annapolis, MD; the U.S. Air Force Academy, Colorado Springs, CO; and the U.S. Merchant Marine Academy, Kings Point, NY. Successful applicants will have a broad academic background, the ability to pass a physical aptitude test, and strong leadership potential. An applicant must also be a United States citizen, a high school graduate between the ages of 17 and 23, unmarried, have no dependents, and be of high moral character. Acceptance of a service academy appointment requires at least a nine-year service obligation, including four years at an academy and five years of active duty service. If you are interested in a nomination, you must apply to my office by October 21, 2020. We will be reviewing applications for the class entering in July of 2021. Please contact my district office at 860-223-8412 with any questions.
As I’m sure you already know, I am given a limited number of nominations each school year. No matter the outcome of this process, I know you will go on to serve our country (both inside and outside of the United States Military) with your unique skills.

Sincerely,

Jahana Hayes
United States Representative
General Information

An appointment to the U.S. Military Academy, U.S. Naval Academy, U.S. Air Force Academy, or U.S. Merchant Marine Academy is a distinct and rare honor. Acceptance of an academy appointment requires at least a nine-year service obligation, including four years at an academy and five years of active duty service.

Eligibility: To be eligible for appointment, you must be an American citizen, at least 17 years old and not yet 23 years old on July 1 of the year you enter an academy (25 years old for United States Merchant Marine Academy). Further, you must not be married or pregnant, and you must not have any legal obligation to support children or other dependents. To apply for a nomination through my office, you must also be a legal resident of Connecticut’s 5th Congressional District. If you are not certain that your legal domicile is in Connecticut’s 5th, call my office and request address verification.

Nomination: The nomination process is very competitive. I urge you to apply for a nomination from me, as well as from our Senators, who can nominate qualified applicants to the four service academies. Applying for more than one nomination increases your chances of securing a nomination. More than one nomination is not required. If you are offered an appointment before hearing from my office, please notify me so that I may allow other candidates the opportunity for nomination. If you are interested in attending the U.S. Military Academy, U.S. Naval Academy, and U.S. Air Force Academy, you may also qualify for nomination through other sources, including:

- President Donald J. Trump, who nominates children of career military personnel, deceased or disabled veterans, military or civilian personnel in missing status, and Medal of Honor recipients;
- Vice President Michael R. Pence, who nominates five individuals from across the United States per year; and
- The Secretary of the Army, Navy, or Air Force, who nominates members of regular military, reserve components, and participants in the ROTC.

A nomination is only one of the requirements for matriculation at one of our nation’s service academies. You must also apply directly to each service academy individually. At the same time you contact this office, you should also request admissions information from each academy to which you plan to apply, by writing to them at the following addresses:

United States Naval Academy
USNA Candidate Guidance Office
Annapolis, MD 21402-5018

**Evaluation Criteria:** The academies consider evidence of character, scholarship, leadership, physical aptitude, medical fitness, personal goals, and motivation in performing each nominee’s “whole-person” evaluation. These are also the criteria I use to determine nominations.

**Character:** Critical in the course of evaluating a candidate is a positive determination of the candidate’s character. Absence of good moral character is cause for disqualification. Candidates are considered to have good moral character unless evidence exists to suggest otherwise.

**Scholarship:** Each element of a candidate’s academic record is carefully evaluated by a service academy’s admissions board. The elements evaluated include a complete high school record (and college record, when applicable), class standing, and either the SAT or ACT scores. All strengths and weaknesses in a candidate’s academic background are considered.

**Leadership:** Participation and achievement in organized athletics, student body and class government, clubs and class extracurricular activities, scouting, boys or girls state, and church or other community-related activities demonstrate evidence of leadership potential. **Candidates who have found it necessary to work to provide family support are considered to have demonstrated desirable leadership potential.**

**Physical Aptitude:** Measuring strength, endurance, agility, and coordination, the academies’ fitness tests are designed to determine each candidate’s readiness to undertake the rigorous athletic and physical education program at one of the academies. Each academy has its own test requirements. Results of the examination are evaluated, assigned a numerical score, and included in the whole-person evaluation by West Point. The Air Force, Naval, and Merchant Marine academies evaluate the results on a pass-or-fail basis.

**Medical Fitness:** A candidate who meets minimum scholastic standards will be scheduled to take a service academy qualifying medical examination at a military or civilian contract facility near the candidate’s home. Although medical qualification standards vary among the academies, only one exam is required. Different tests may be necessary, however, depending upon the academy. Scheduling and evaluation of the exam are arranged by the Department of Defense Medical Examination Review Board (DODMERB). Candidates who have questions about their medical exam results should direct them to:

```
DODMERB  
8034 Edgerton Drive Suite  
132 USAF Academy, Colorado 80840-2200  
(719) 333-3562
```

Medical scheduling and evaluation are time-consuming processes, especially if consultation, re-testing, or corrective action is required. The process may take from six weeks to four months.

**Motivation:** Motivation is an intangible quality and difficult to evaluate; however, since it is most frequently the factor that determines an appointee’s success or failure at a service academy, I make every effort to gauge a candidate’s motivation. An attempt to measure motivation may be made through observation of the candidate’s interest level in attending an academy and serving as an officer in the armed forces. Motivation may also be measured through an evaluation of correspondence, personal contacts, and care with which application materials are prepared.
Applicant Evaluation by Service Academies: Each academy uses a questionnaire to make an initial assessment of an applicant’s potential for appointment. The results of this evaluation are provided by each academy to Members of Congress to assist them in screening their applicants. Soon after the applicant returns the questionnaire, the admissions office will provide the applicant with an evaluation of the applicant’s demonstrated ability to meet admissions standards. An applicant who meets the standards is declared a candidate; those who do not meet the standards at that point may later submit additional test scores or information to the academy for re-evaluation. The applicant must provide the following information: academic standardized test scores (SAT, ACT), rank in class and grade point average, Social Security number, and participation in high school extracurricular activities. Be sure to complete a pre-candidate questionnaire for each academy in which you are interested.
